

Bronto Cage Winch

Bronto Cage Winch

High cage capacity does not enhance the usability of a machine without adequate tools for handling those loads. Therefore, Bronto has strived to develop a whole range of add-ons that take full advantage of the high work load of the platforms. The Bronto Cage Winch is one of these solutions making day-to-day work easier.

Features

- Material handling capacity of up to 400 kg
- Hydraulically operated, independent from external power sources
- Extendable lifting jib
- +/- 45 degrees slewing
- Fold-out feet for lifting
- Suitable for XR, XDT and HLA platforms

Standardised cage attachment points and fold-out feet for lifting.

Also available with extendable and super-wide cage options.

+/- 45 degrees slewing and extendable lifting jib.
