

Bronto Cage Winch 200kg

Bronto Cage Winch 200kg

High cage capacity does not enhance the usability of a machine without adequate tools for handling those loads. Therefore, Bronto has strived to develop a whole range of add-ons that take full advantage of the high work load of the platforms. The 200kg cage winch is very light and easy to handle even by one person.

Features

- Material handling capacity of up to a 200 kg
- Manual operation, independent from external power sources
- Adjustable lifting jib
- Fold-out feet available for load support
- Suitable for all Bronto access platforms
