Innovations

How to Innovate with Bronto One

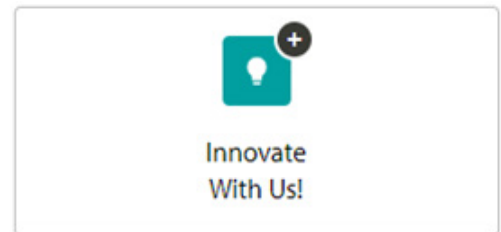

You are a professional in your field. If you have a new feature, function or application in mind that would make your work tasks easier or improve your work safety, would you like to tell us about it?

Click the “Innovate With Us” widget on the Dashboard.

A new window opens, fill in the following details:

- Type of the idea
- Name of the idea
- Date
- Description of the idea
- Problem that it solves
- Possible attachments
- Intellectual property rights
- Your email address

We process ideas regularly and strive to pick up and implement possible development proposals to the best of our ability to make your work easier and safer.

Your idea is related to

- Bronto products
- Bronto Services
- Bronto One products
- Other
